WHERE NO PLACE IS TOO FAR AWAY

Ireo City holds a prime position on Gurgaon's Golf Course Extension Road and is spread across sectors 58 to 63A of Gurgaon. It is set against the magnificent backdrop of the Aravallis, with easy access to NH8 and to two new fast exit routes to Delhi via Faridabad and MG Road. Making it even more accessible will be its close proximity to the proposed Metro Station on Golf Course Extension Road, thus creating one of the most connected townships in the whole region. A township which will emerge as the epicenter of luxury living in Gurgaon.

Perspective of 24 meters Arterial Road at Ireo City, Gurgaon

24 meters Wide Road

Typical arterial road inter-connecting various zones of Ireo City. A landscaped central median divides the road into 'To' and 'From' lanes for smooth flow of vehicular traffic. Stone paved pedestrian walkways with street architecture conforming to the best international standards, have been provided on both sides. These walkways are segregated from vehicular traffic by landscaping and parking shoulders.
